WEBSTER CITY, IOWA

The Announcement

The cattle that are to be sold in this sale are one of the most attractive lots that has ever been sold in a consignment sale in the State of Iowa. They have been drawn from the herds of some of the most prominent breeders in four states. For the most part the sires of the cattle that are to be sold are bulls that have wide reputations as breed improvers as well as prize winners.

Often it is difficult to find enough really high class cattle, that their owners are willing to expose for sale by auction, to make an attractive consignment sale. This offering is an exception to that rule. The consignors to this sale are presenting cattle that are fully up to or above the average productions of their herds.

Every person interested in Shorthorns is invited to attend the sale. High prices are not anticipated though the quality of the stock listed in this sale warrants a high appraisal. We will be pleased to have you bid for these cattle what they are worth to you and every bid will be thankfully received.

Recent sales of breeding cattle indicate that prices are higher than they were a few months ago but we believe that they are not nearly as high as they soon will be. Therefor this is a good time to buy.

Study the pedigrees and the statements presented in this catalog and then come to the sale and buy. The purchase will prove to be a good investment. Please bring this catalog when you come to the sale.

Term & Conditions of the Sale

LOCATION—The sale will be held in the heated sale pavilion at the Fair Grounds at WEBSTER CITY, IOWA on WEDNESDAY, FEBRUARY 14th, 1934. Webster City is on the paved U. S. Highway No. 20, twenty-one miles East of Fort Dodge and seventy-six miles West of Waterloo. Intersecting roads make it easy of access by paved highways from all parts of Iowa and adjoining States. Also it is on the Illinois Central and Chicago and Northwestern Railroads.

TERMS—The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyers risk as soon as bid off but the management will attend to loading on cars or trucks in compliance with instructions from purchasers.

GUARANTEE—All cattle are sold subject to a sixty day retest for tuberculosis and health certificates will be furnished to enable them to be shipped into any state or territory. Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd. If a bull fails to breed, he may be returned to the seller, if in as good condition as when bought and if after a test in the sellers herd, he still fails to breed he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and all heifers over sixteen months old at the time of the sale are guaranteed to be breeders. Animals returned to sellers because they do not comply with guarantee will be at buyer's costs of transportation.

Any claim for adjustment because an animal is a non-breeder must be made within ninety days of the date of the sale.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. Neither the sale manager nor the clerk of the sale assumes any liability, legal or otherwise.

PEDIGREE CERTIFICATES—A certificate of registry and a transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

Where footnotes appear in this catalog, they were furnished by the consignors or written from information supplied by the consignors.

BIDS—Those wishing to buy who cannot be present may leave with, or send their bids to the sale manager, Will Johnson of the Shorthorn World; to J. E. Halsey of Wallaces' Farmer, or to any of the consignors.

The rise in prices of pure bred cattle has come but pure bred Shorthorns are still the corn-belt farmers best asset. Buy these choice breeding units before the price gets above that of a safe conservative investment. In a short time cattle such as these will be selling at double the prices of this sale. Buy now and be ready to sell them.
